Government Gazette Extraordinary—Union Proclamations, &c.

Yesterday a *Government Gazette Extraordinary* appeared, containing ten pages of closely printed matter, and about the same number of documents of one kind or another. The first is a dispatch from Lord Kimberly to Governor Musgrave, which gives the reason why the 50-cent telegraph whisky duty will not be taken off at present. Here it is:

"DOWNING STREET, May 25, 1871.

SIR,—I have to acknowledge the receipt of your Dispatch, No 12, dated the 16th February, enclosing copies of correspondence between yourself and the Governor General of Canada, respecting an alteration proposed by your Council in the Customs Tariff of British Columbia. I have also received your further Despatch, No. 21, of the 9th March, enclosing a copy of the Act No. 9 of 1871 "to repeal the Customs Amendment Ordinance of 1870. Copies of the correspondence which has passed on the subject have also been forwarded to me by Lord Lisgar.

I much regret that I have been unable to advise Her Majesty to assent to this Act, which is itself quite unobjectionable, *but as the proposed reduction of duty was not provided for in the Addresses for the Union of British Columbia with the Dominion of Canada it appeared to me that it was not competent for Her Majesty*, under the powers vested in Her by the British North America Act of 1867, *to provide for such reduction* in the Order in Council uniting those Colonies.

I have transmitted to Lord Lisgar a copy of this Despatch. I have, &c.

(Signed) KIMBERLEY."

So that settles the question of the whisky duty till the next session of the Dominion Parliament.

Next is the following Acts of the last session of the Legislature that have received the Royal assent, viz:—

"An Act to amend the Law as to the Qualification of Electors, and of Elective Members for the Legislature, and to provide for the Registration of Persons entitled to Vote at Elections of such Members.

An Act to regulate Elections of Members of the Legislature of this Colony.

An Act to prevent Bribery, Treating, and undue influence at Elections of Members of the Legislature.

An Act to provide for a permanent Civil List.

An Act to prevent Desertion from Merchant Ships.

An Act to make provision for enquiring into Controverted Elections and Disputed Returns of Members to serve in the Legislature.

An Act to exempt (in certain cases) Cattle farmed on Shares, and their increase, from the operation of any Bankruptcy or Insolvency Laws."

The names of the above Acts indicate the objects for which they were passed, and the assent to them appears in the usual way, except with respect to the "Civil List Act." In order to make the assent to that Act doubly impressive, a dispatch on the subject from Earl Kimberly is published; but it in no way prevents the representatives of the people hereafter from demanding its repeal. Here is the dispatch:

"DOWNING STREET, May 20, 1871.

SIR,—I have received and have had under my consideration the Act passed by the Legislature of British Columbia, entitled No. 16 of 1871 "An Act to provide for a permanent Civil List," which was transmitted to me in your Despatch No. 39, of the 31st of the 31st of March last. I have reported to Her Majesty in Council my opinion that the said Act should be specially confirmed; and I have the honour to transmit to you herewith an Order of Her Majesty in Council, dated the 16th of May, approving that Report. I have, &c.

(Signed) KIMBERLEY."

Here also is the annexed Order in Council confirming the assent:

"AT THE COURT AT WINDSOR, THE 16TH DAY OF MAY, 1871.

Present—The Queen's Most Excellent Majesty, His Royal Highness Prince Arthur, Lord Privy Seal, Lord Chamberlain, Earl Cowper, Mr. Secretary Cardwell, Earl of Kimberley, Mr. Ayrton.

Whereas the Legislature of Her Majesty's Colony of British Columbia, with the Council and Assembly, did in the Month of March, 1871, pass an Act which has been transmitted, entitled as follows, viz.:

"No. 16. An Act to provide for a permanent Civil List:"

And whereas the said Act has been laid before Her Majesty in Council, together with a letter to the Lord President of the Council from the Right Honourable the Earl of Kimberley, one of Her Majesty's Principal Secretaries of State, recommending that the said Act should receive Her Majesty's special confirmation; Her Majesty was thereupon this day pleased, by and with the advice of Her Privy Council, to declare Her special confirmation of the said Act, and the same is hereby specially confirmed, ratified, and finally enacted accordingly; whereof the Governor, Lieutenant Governor, or Commander in Chief, for the time being, of Her Majesty's Colony of British Columbia, and all other persons whom it may concern, are to take notice and govern themselves accordingly.

(Signed) ARTHUR HELPS."

Next there is a despatch from Earl Kimberley announcing the assent of Her Majesty to "The Constitution Act, 1871." In accordance with that Act, Governor Musgrave proclaims as follows:

"And whereas Her Majesty has been graciously pleased to give Her assent to the said Act:

And whereas I, the said Anthony Musgrave, as such Governor as aforesaid, have fixed the 19th day of July next to be the date when the said Act shall come into operation and take effect:

Now, therefore, know ye that I, Anthony Musgrave, Governor of the Colony of British Columbia, do hereby proclaim the assent of Her Majesty to "The Constitution Act, 1871," and I do hereby proclaim and declare that the said Act shall take effect and come into operation in the said Colony of British Columbia, on, from, and after the 19th day of July, in the present year of Our Lord one thousand eight hundred and seventy-one."

Our new Constitution will consequently go into operation the day before our union with Canada, and so we will enter the Dominion as a real representative Government, and not as a Crown Colony, with a six-by-nine constitution.

The important and long expected Union Proclamation is the last. That event will take place on July 20th, which, by the Governor's order, will be kept as a public holiday. The only important part of the Order in Council is as follows:

"And whereas Her Majesty has thought fit to approve of the said terms and conditions. It is hereby ordered and declared by Her Majesty, by and with the advice of Her Privy Council, in pursuance and exercise of the powers vested in Her Majesty by the said Act of Parliament, that from and after the twentieth day of July, one thousand eight hundred and seventy-one, the said Colony of British Columbia shall be admitted into and become part of the Dominion of Canada, upon the terms and conditions set forth in the hereinbefore recited Addresses. And, in accordance with the terms of the said Addresses relating to the electoral districts in British Columbia, for which the first election of members to serve in the House of Commons of the said Dominion shall take place, it is hereby further ordered and declared that such electoral districts shall be as follows:"

The electoral districts are those of the House of Commons. The Order in Council is, however, preceded by the following despatch from Earl Kimberley on the subject of Union:

"DOWNING STREET, 27th May, 1871.

SIR,—With reference to my Despatch No. 19, of the 11th of March, I have the honor to transmit to you an order of Her Majesty in Council, dated the 16th May, for uniting British Columbia to the Dominion of Canada, in accordance with the Addresses passed by th Legislatures of the two Colonies.

I caused the 20th of July to be fixed as the date of this Union, the day agreed upon between Lord Lisgar and yourself.

It gives me much satisfaction to express to you on this occasion how fully sensible Her Majesty's Government are of the energy, zeal, and ability with which you and the Officers of your Government have labored to effect this Union, which it is confidently anticipated will confer important and lasting benefits upon British Columbia, and by the consolidation of Her Majesty's Possessions in North America will greatly promote their progress in the career of prosperity to which they seem destined by their natural resources.

I have &c.,

(Signed) KIMBERLEY.

GOVERNOR MUSGRAVE,"

The gracious compliment that is paid to the officials for their "energy and zeal" in promoting Union with Canada can only be regarded here as a capital joke. But we presume that since Mr. Trutch boasted at Ottawa of his very consistent and energetic efforts to secure its accomplishment, we may excuse Earl Kimberley for the high encomium that he has passed "on the Officers of your Government."

Police Court.

(Before A. F. Pemberton, Esq.)

WEDNESDAY, June 28, 1871.

Ah Hoon, charged with being a rogue and a vagabond, and with having no visible means of support, was sentenced to three months hard labor.

EMIL BOCK.—This man, who arrived with the mails from New Westminster on yesterday morning, is an old pioneer of the colony, although having been absent from it for several years past. He arrived here in '58, was on William creek in its early days; came down and went to the Stickeen in '62, where he remained for three seasons; returned and left the colony. Christmas day last found him at Fort Kamloops, being on his way with a few others from Montana, en route to the Omineca mines. Arrived at Quesnelle in due course; proceeded up the Fraser to Fort George, with his party; took ill and found his way down country again, this time to recruit his health. He gives it as his opinion that the high water of the rivers on the way into Omineca will cause a good deal of hardship and distress to many men, and particularly to a great many who have gone in with but small means in their possession. Eventually, that country will be all right.

FROM THE INTERIOR.—On the night of the 20th inst., the Fraser was at its highest, being several feet higher than any previous season. It was in several places from three to 10 feet above the road; drivers had to swim their teams, and par-buckele their stages across. The Nicomen bridge was raised off the crib work, but finally settled down again all right. Anderson bridge came very near going; at Spencer's bridge the water was up to the stringers, but it stood as firm as a rock. On the night of the 20th the water fell nine inches, and the sincere wishes of the community were realized—the bridge was saved.

THE STEAMSHIP RACE.—In connection with this race, we received the following telegram yesterday morning:

SEATTLE, June 28th.

The North Pacific beat the Olympia to Port Townsend four minutes, but the Olympia passed her at Madison Head.

Other telegrams were received in town, some putting the time at two minutes, some at five minutes, etc. Mr. Geo. S. Wright, who would naturally be supposed to favor the Olympia, sent a dispatch that she was beaten by five minutes in the distance to Port Townsend, which is 31 miles from this port.

ROUGH TIMES IN MONTANA.—Advices from Helena, June 9th, report the following.

Frank Kelley was shot and killed by a man named Cassady, alias Walker. Also, on Tenmile creek, near Helena, Thomas Catsworth, Patrick McLaughlin and his son Michael, had a dispute about dividing money. The elder McLaughlin took an axe and started for Catsworth, who fired a revolver, the ball striking the son, who is not expected to recover. Catsworth fired again, killing Patrick McLaughlin instantly. Catsworth came in this morning and delivered himself up to the Sheriff for trial.

THE UNION.—The following notice appears in the *Gazette* extraordinary of Tuesday last:

COLONIAL SECRETARY'S OFFICE,
20th June, 1871.

The 20th of July proximo, being the day appointed for the Union of this Colony with the Dominion of Canada, the same will be observed as a public holiday throughout the the Colony.

By command,
PHILIP J. HANKIN.

MR. BARKER exhibited his Panorama last evening. Machinery worked to perfection, and views were really charming. Mr. Barker will give a Matinee on Friday afternoon for the benefit of ladies and children, at half prices, viz.: 50 cents and 25 cents. The performance will commence at half-past three. Seats can be procured the same day at the box office from 12 to 2 o'clock.

THE WATER-LOGGED VESSEL.—The telegraph, three days ago, announced the arrival of the lumber vessel J. R. Keeler, at San Francisco, from the Sound. The Keeler was the vessel which the Grappler went from this port, to assist. The vessel would appear to have made the passage in six or seven days, although it was feared by some she could not reach San Francisco in safety.

AHEAD OF THE TELEGRAPH.—On Tuesday, we announced news concerning the Wright, and the receding of the water of the Willamette and Columbia rivers, which news we had by mail on Monday. Our "exclusive" dispatches received *since* give the same news; they also announce that the G. S. Wright is advertised for Nanaimo and the North on the 1st July.

A LECTURE.—"Irish Wit and Humor" is a subject for a lecture to be given this evening by Mr. T. G. Murphy, who is popularly known as "Barney O'Ragan." At the Alhambra Hall, at 8 o'clock, we should not be surprised to witness a concourse of persons waiting to hear the speaker, who will conclude with a recitation of the poem "Shemus O'Brien."

THE CROPS.—Barley and wheat in the Cadboro Bay district look well; barley will be ready for the sickle in a few days; the harvesting of wheat will be commenced about the 15th of July; hay has already begun to fall before the scythe. Barley, we are informed, will produce a very heavy crop in this district this year.

FOR NEW WESTMINSTER.—The steamer Enterprise, Capt. Swanson, with a few passengers, left yesterday morning, at 10 o'clock, for the Mainland. Messrs. A. R Robertson, G. A. Walkem, and F. Grelley were among the passengers.

FURNITURE SALE.—On the premises, Yates street, formerly occupied by J. W. Keyser, Messrs. Davies & Co. will sell to-day, a miscellaneous lot, comprising furniture, crockery, tin-ware, furnishing goods, sewing machines, hair, wool, feathers, &c.

CORONATION DAY.—The Government offices and Banks observed yesterday, the 28th, as a half-holiday; and a few flags which were hoisted, including the City Hall one, were the only signs that indicated the day.

LIGHTNING EXPRESS.—The new Mail and Express carriers, Gerow & Johnson, received the Cariboo mail and express yesterday morning from New Westminster per canoe, not waiting for the usual trip of the Enterprise. The canoe in charge of a white man, Emil Bogh, with four Indians, left New Westminster at 10 o'clock on Tuesday night and arrived yesterday at 10 a. m., at Todd's Bay. Thence overland to town. The party encountered head winds and tides on the trip. But for the enterprising spirit manifested by the mail contractors, we should not have the mail until Saturday by the Enterprise, as she is not expected to reach here before Saturday morning.

REAL ESTATE TAX COMMISSION.—The Commissioners will hold a meeting on Monday next, when it is expected their duties will terminate.

THE Governor and the excursionists are being received with much *eclat* by the people of Puget Sound, whilst on the trip by the North Pacific.

NEXT DIRECT STEAMER.—The steamship Prince Alfred arrived at San Francisco on Tuesday afternoon, and would leave for Victoria in about a week.

DOMINION DAY.—We understand that the storekeepers on Government street do not intend to open their stores on Saturday, the 1st July.

THE California will sail to-day for Victoria, from Portland.

Clinton Petty Sessions Court.

(Before E. H. Saunders, Esq., S. M.)

CLINTON, May 29, 1871.

Edward Kelly v. Joseph Smith.—At 11 o'clock plaintiff and defendant appeared in court. The magistrate, addressing Smith, said, "You are charged with a grevous assault on Edward Kelly, in your hotel, on the 30th April last. What have you to say in your defence?"

Smith—Well, your Worship, I plead guilty.

Magistrate—Have you anything to say in mitigation?

Smith—He called me a liar, and I struck him.

Kelly—I deny the truth of that statement. I never made use of that ungentleman-like expression, though you said to me emphatically, twice, "You're wrong. I tell you you're wrong." Kelly, addressing the magistrate—I prefer having the witness examined on oath. Joe Smith is called "a purty fine man." I'll prove to your Worship that he has had of late, a shooting scrape with his partner; and later still, he has assaulted three persons in his public house. These facts may be worthy of notice by your Worship when the question of granting a license comes before you.

Magistrate—I shall be ready to hear anything you may have to say on that subject on the 1st of June, the day fixed for granting licenses.

Kelly—But I hope your worship will hear the witnesses in the assault case?

Magistrate—Smith pleads guilty.

Kelly—No; he pleads innocent. I deny the truth of the plea in mitigation.

Magistrate, addressing Smith—I regret this occurrence in your house. A man keeping such a house should be very careful indeed, and prevent quarrels; I must fine you ten dollars for the assault, and costs.

Kelly—Ten dollars! Is it possible that Joe Smith may knock a man down and escape with a fine of ten dollars? It was not decisions of that kind that made this colony respectable and Judge Begbie immortal.

Magistrate—If you wish to address the crowd, go outside. I shall commit you for contempt of court.

Kelly—I shall not exhibit any, your Worship; I am doing all I can to conceal it.

And this case, the subject of general conversation in the district, terminated with a ten dollar fine.

Letter from Lightning Creek.

STANLEY, LIGHTNING CREEK,
June 1, 1871.

EDITOR STANDARD:—On Monday last a Public Meeting was held here for the purpose of taking into consideration the Civil List Bill. In accordance with a resolution passed thereat, I herewith inclose you a copy of the minutes which I will thank you to publish in your journal. The meeting was ably addressed by Capt. Evans and Mr. Booth, and was an undoubted success.

It may not be out of place to inform you that Stanley is a rising little town situated on Lightning Creek, at the mouth of Chisholm, and should the efforts of the miners here be crowned with success it will most probably be the town of the future.

Minutes of Public Meeting held at Stanley, May 29th, 1871, for the purpose of taking into consideration the Civil List Bill.

The chair was taken by Mr. Duncan Robertson. The first resolution was proposed by Captain John Evans, seconded by Mr. Cornelius Booth, and carried unanimously.

"Resolved, this meeting solemnly protests against the action of our Government in enacting a law to provide a Permanent Civil List in this colony, and further, that the meeting sympathises with their fellow colonists in the manner in which they have already expressed their disapprobation of such an oppressive and illiberal law."

Moved by Mr. Bray and seconded by Mr. Ettershank, that a copy of the above resolution be sent to the STANDARD newspaper for publication. CHARLES WILSON,
Secretary.

The friends of Booth assert this evening that they have positive information that 170 of the Delegates will support him in the State Convention in any event, and that his nomination is certain. The general impression here is that he is sure of the nomination.

A number of emigrants to the Lower California Co.'s colony, at Magdalena Bay, reached here yesterday in a destitute condition. Nearly all of them have been provided with employment by the Labor Exchange. Some will be sent to the Russian river lumber mills, others to various parts of the State.

The City Council of the Capital, installed a month ago by Congress, was expelled on the 10th inst. by the administration, much excitement in consequence.

The press of the Capital is severe in strictures on the New York *Herald* and *Times* for alleged hostility to Mexico, and calls on the people to repel invasion of the Yankees.

The new Consul appointed for San Francisco remains in Mexico until after the election. The appointment of a Minister to Washington will also be made after the election. Mariscan's appointment as Minister of Foreign Affairs is well received.

PANIC IN RAILROAD STOCKS.

NEW YORK, June 21—Wall street was the scene of wild excitement this morning. The occasion was a tremendous break in the price of Rock Island shares, followed by panic. Rock Island opened at 130½ and advanced to 130¾. There was a sharp demand for cash stock. Everything indicated a corner. In fact at the close last night all arrangements for a corner had been effected, but this morning it began to be whispered that there had been cheating in the pool, and stock began to break. This was followed by an enormous pressure to sell, which carried stock down from 130¾ to 110. Afterward there was a rally to 112 and transactions were enormous, the telegraph instruments recording that 117,000 had changed hands, but this does not cover all transactions. In explanation of affairs it appears that there was a pool in stock, limited to 60,000 shares and that this pool had bought 10,000 shares. At this juncture a prominent speculator and member of the pool was operating largely outside. This individual sold about 50,000 shares of stock, and also bought on his own account over 180,000 shares. This is the current report. He was unable to-day to take his former purchases of Rock Island and was forced to suspend, carrying down with him a number of brokers. Fourteen have been reported as failed, but some will settle differences and resume. Following is a list of brokers who were either reported failed at board or had stock sold for their account by the presiding officers: Robt. Waller, W. A Boward, J. W. Gillespie, J. A. Austin, Dater & Thompson, R. G. Wood, N. E. Tunis, Earl & Saltontell, Fanshaw & McDougall, J. Hoat, A. M. Judson and W. S. Woodward. Large amounts of stock were sold out under rule for other accounts.

Grit Inconsistency.

[From the Ottawa Times.]

The press and people of British Columbia have not yet recovered from the surprise which they naturally felt, on finding that the leading men and leading journals of the Opposition in Ontario after having expressed their desire for the extension of the boundaries of the Dominion to the Pacific Shore, and after having pointed out in a forcible manner the immediate necessity of a Pacific Railway, should have laboured with so much energy and determination to prevent the carrying out of these schemes. Still more will they be surprised when they find that these same journals and politicians, ignoring their late opposition in the coolest manner possible, are returning to their first love without a word of explanation. Our friends in British Columbia have something to learn. They have yet to become acquainted with that extraordinary specimen of political inconsistency, an Ontario Grit, and to learn with what marvellous effrontery and unblushing assurance, a politician of that school is prepared to contradict to-day what he said yesterday, or to denounce as "imbecile" a project which only a few weeks before they had declared to be an absolute necessity of our position. Inconsistent and unprincipled politicians no doubt exist everywhere, but we question whether anything so obviously unprincipled or inconsistent was ever witnessed in the history of political warfare as the position assumed by the Ontario Opposition in respect to the admission of British Columbia and the construction of the Pacific Railway. No wonder, as we said before, that the people of British Columbia are astonished thereat, but we can assure them that the Grits are equal to anything in the line of political trickery. The matter has been fully ventilated here, and is pretty generally understood; and the lesson which the people are being taught thereby is, that a Grit is so thoroughly the slave of party and personal ambition as to be utterly unworthy of public confidence.

ANNUAL REPORT 1871.

THE FORTY-FIFTH ANNUAL GENERAL MEETING OF THE STANDARD LIFE ASSURANCE COMPANY was held at Edinburgh, on Thursday the 20th April, 1871—

H. MAXWELL INGLIS, ESQ., P. C. S. in the Chair

The Manager submitted to the meeting the ANNUAL REPORT by the Directors as to the Progress of the Business. He also submitted—

The ANNUAL REPORT on the Books and Accounts by the Auditor of the Company, certifying that he had found the whole accounts accurately stated and properly vouched.

BALANCE SHEET of the Company's Affairs, certified by the Auditor and three of the Directors, in accordance with the Acts of Parliament constituting the company.

A GENERAL AND COMPARATIVE STATEMENT explanatory of the Progress of the Business from 1825 to 1870.

The following Results were communicated in the Report:—

AMOUNT PROPOSED FOR ASSURANCE during the year 1870 (2,383 proposals)	£1,498,689 3 10
AMOUNT OF ASSURANCE ACCEPTED during the year 1870 (1,936 Policies)	£1,181,699 3 10
ANNUAL PREMIUMS on New Policies	£42,725 14 8
CLAIMS BY DEATH during the year, exclusive of Bonus Additions	£333,605 16 4
THE SUBSISTING ASSURANCES at 15th November, 1870, amounted to (Of which £670,269 1s. was re-assured with other offices)	£16,691,088 19 2
THE ACCUMULATED FUNDS amounted to upwards of	£4,000,000 0 0
THE ANNUAL REVENUE was upwards of	£700,000 0 0

THE CHAIRMAN requested particular attention to the Report submitted by the Directors, which was then read and from which the following is an extract;

"On the present occasion the Board of Directors have not only to give an account of their proceedings during the first financial year of the Company's progress, but during the quinquennial period which closed on the 15th November, 1870.

"The Directors have now much satisfaction in reporting that each year of the quinquennial period has been attended by that steady and satisfactory progress which has for so long a period marked the operations of the Company They did indeed at one time, contemplate that their advancement might be checked; First, by the monetary disturbances in 1866, and latterly, by the financial difficulties of various English Assurance Offices, which had given rise to distrust and doubt; but it will be observed from the following table, showing the business transacted during the five years that the Company has pursued the calm and even tenor of its way without being in any degree affected by these disturbing elements.

NEW ASSURANCES EFFECTED from 15th November, 1865 to 15th November, 1870:—

"To 15th November, 1866	£1,190,281 11	2
" " 1867	1,127,520 10	0
" " 1868	1,104,264 19	6
" " 1869	1,110,347 2	9
" " 1870	1,181,399 3	10
Total in Five Years	£5,713,813 7	3

Giving an annual average of new business during the period of £1,142,762 15s. 5d. the first and last years of the period being above the average.

"While the Directors direct attention to these results, as indicative of the industry with which the business has been pursued, they would also claim credit for the exercise of a sound discretion in the selection of lives, the proposals made to the company during the period referred to, and from which these assurances were selected, amounting to no less than £7,141,170 16s. 5d. contained in 11,221 proposals, of which 9,190 were accepted, represented by the total of £5,713,813 7s. 3d. shown above.

"The company has thus, it must be admitted, been eminently successful in obtaining new business, evincing the esteem in which it is held by the public; but a Report of this nature would be very incomplete were prominence not given to the Exits as well as the entrances, Death has claimed its usual percentage of the living and the company has fulfilled the object of its institution by meeting with promptness the claims which were thus made upon its funds.

"The Deaths during the quinquennial period gave rise to the following claims:—

Claims.	Sums Assured.	Bonus Additions.
1866	£314,376 3 10	£48,693 4 8
1867	306,561 13 6	46,190 13 0
1868	315,070 15 6	46,899 17 1
1869	322,117 11 8	36,649 10 10
1870	353,605 16 4	42,343 16 1
	£1,591,732 0 10	£220,476 1 8

"In transacting all this business, the Directors have to the best of their ability, discharged the responsible duties devolved on them. It can well be imagined that in the acquisition of so much new business, in the dealings with so many accumulated transactions and in the settlement of such a large amount of claims, questions of importance requiring the exercise of care, judgement, discretion and liberality, have presented themselves and probably the best gauge of the success which has attended the management in these respects is that so little had been heard of the Company as it pursued its way. The Directors may at any other time refer to the advanced position which this Company has always taken up in liberalizing the conditions of the Assurance Contract which has greatly facilitated all these proceedings, but at present they will confine themselves to the simple duty of reporting progress.

"The Directors have only further on this occasion to refer to the Investigation with reference to the Eighth Division of Profits now in progress. They are happy to state that the laborious calculations necessary to ascertain the Company's position have very nearly been completed, but the results have not been placed before them by the Actuary, so that they can make no statement on the subject, but they are glad to have it in their power to state that a few weeks hence the whole will be reported in the most complete manner. These remarks apply to the actuarial results which show the liabilities of the Company. The investigation of the other side of the account, namely: the Assets, has already been completed and a most satisfactory Report made by a Comimittee of Directors who have examined each security and each document constituting it.

The Chairman then addressed the meeting in congratulatory terms on the position of the Company.

The Report was unanimously approved of; and after the election of new Directors and a vote of thanks to the Office-Bearers, the meeting separated.

MARTINI-HENRY BREECH-LOADING RIFLE.

Presented to Both Houses of Parliament by Command of Her Majesty.

GUNPOWDER.

"The powder first tried by the Committee in the Boxer-Henry cartridge, and of which they entirely approve, is known as 'Curtis and Harvey, No. 6.' Several other descriptions manufactured at the Government Factory, Waltham Abbey, have also been tried, but have not afforded the same uniform accuracy of shooting.

There appear to be difficulties, confined, it is believed, to the question of expense, in producing a powder at Waltham Abbey, in all respects equal to 'Curtis and Harvey, No. 6;' but the Committee, keeping in view the importance of maintaining the great accuracy of shooting of the Martini-Henry rifle, recommend that no powder should be used for its ammunition that does not give results at least equal to those obtained in the Committee's experiments, whether such powder be obtained from the Government Factory or from the trade."*

* Messrs. Curtis and Harvey's powder was employed by Mr. Henry during the competition for accuracy of shooting and as the results then attained were satisfactory, the Committee have, without making trial of the powder of other manufacturers, continued its use as a standard.

CURTIS'S & HARVEY take this opportunity of sending an Extract from the Report of the Special Committee on the most suitable Rifles for the Service; and as THEIR GUNPOWDER is so highly commended, they think it desirable to communicate the information to their Customers and Friends. The recommendation equally applies to all other marks and descriptions.

DR. CHING FUN—A CARD—EDITOR STANDARD:—Through the medium of your paper I want to state the very great good that has been done me by Dr. Ching Fun of this city, next door Kwong Lee & Co. For 24 years I suffered with neuralgia on the brain, which baffled the skull of three first-class American physicians. Latterly bronchitis attacked my right lung, and my eyes became awfully inflamed. Despairing of ever being cured I placed myself as a last resort in the hands of Dr. Ching Fun, and after five months treatment I am a well man and feel that I cannot sound the eminent Chinese gentleman's praises too loudly, so that all my countrymen similarly affected may visit and find relief. Respectfully,

JOHN HENTON, of Kentucky, U. S.
